

General Purpose Spill Kits

Wheelie bin kits suit small workshops, storage facilities, kitchens and retail outlets. Ideal for spills of degreasers, coolants, oils, paints, kitchen fat or any other non-aggressive liquid. The General Purpose Bag Kits stow easily in trucks or vehicles and are portable, lightweight and easy to use.

All Spill Kit components are replaceable individually or as a 'Refill Kit'.

Absorbent capacities stated are based on viscous liquids. For thin liquids (eg coolant), the absorbent capacity will be approximately half. All Global Spill Kits have appropriate, prominent signage and are supplied with re-order forms & instructions for use.
